

...Leaders in Engineering Expertise, Quality and Service since 1966

- Stainless Steel Fabricators,
- Pressed Components & Assemblies,
- Pressure Vessels (100% Radiography)
- Reservoir, Tanks in Stainless Steel

Fabrimtech Engineers Pvt. Ltd.

An ISO 9001:2008 certified company

About us

Fabrimtech Engineers Pvt Ltd, a multi-product company since 1966. The company manufactures a wide range of quality products of high performance conforming to various National and International standards in its factory in Chennai, South India. It is satisfying the needs of a number of National and multinational companies for their requirement of Sheet Metal, Fabricated components of Light/Heavy Engineering products. The company is one of the reputed and approved supplier to various Departments of Government of India like Indian Railways, Defence, Space, Atomic Energy Establishments and many private industries.

On the Strength of the Professional staff and excellent track record of the company its quality performance has been widely accepted by the quality conscious domestic and overseas customers in various fields such as Railways, Department of Atomic energy, Power Projects, Department of Space, Defence Establishments, Automotive Industry, medical Equipments Industry. Etc., The company specializes in manufacturing a number of special type of components/equipments as per customer drawing and specifications.

Fabrimtech is one of the very few small-scale units which manufactures Pressure Vessels with 100% radiography. The company has in-house manufacturing and testing facilities. The Pressure vessels manufactures confirms to ASTM sec III, VIII and IX standards. At present the company is the approved supplier of Filter vessels and ION exchange vessels with 100% radiography for welded joints for Nuclear power projects, Indian Railways etc.. All this synthesized into creating an indomitable spirit for excellence. The approaches are related to areas of National priority.

Products

Water tank

Dished ends

Pressure tank

Stainless Steel Component

Vertical Pressure Tank

Pressure tank

Stainless Steel tank

Sheet Metal Pressing

Sheet Metal Pressed
Components & Assemblies,
Press Tools ,Dished Ends,
Dies and Fixtures

Fabrication

Pressure Vessels (100%Radiography),
Dished Ends,
Heat Transfer Vessels
Accumulators,Tanks,
All type of Hi-Tech Fabrication in Stainless Steel,
MS, Aluminium etc.,

Facilities

Hydraulic Press – 350 tons with Die cushion
Automatic TIG Welding-
with Long Seam and C-Seam
Plate Rolling, Folding & Shearing.
MIG, TIG, Arc welding
Welding Rotators
Plasma Cutting
NDT Testing facilities

Our Customers

Indian Railways
(Production units and all Zonal Railways)

Nuclear Power Corporation

NUCLEAR POWER CORPORATION OF INDIA LIMITED

A Government of India Enterprise

Department of Atomic Energy

L&T, Audco India.

LARSEN & TOUBRO

It's all about imagineering

Our Mission

"To be an integral part of our customers' success by delivering the highest-quality engineered products... on time and on budget."
