FABRIMECH ENGINEERS PVT LTD

A Note from Our Managing Director

The past three months have been both busy and rewarding for all of us at Fabrimech. Alongside meeting our customers' expectations, we've continued investing in our people, capabilities, and processes to prepare for the opportunities ahead. It has been encouraging to strengthen existing partnerships while beginning conversations with new customers across global markets. Thank you for your continued trust and confidence in us—we look forward to supporting your success in the months ahead.

— Thomas. K. Varghese, Managing Director

A Note from Our Director

Despite evolving global market conditions, Fabrimech continues to strengthen its manufacturing capabilities through innovation, technology, new certification and operational excellence.

We are pleased to participate in InnoTrans 2026 in Berlin this September, where we look forward to connecting with our customers, exploring new opportunities, and strengthening global partnerships.

— Stephen K. Thomas, Director
